

	A	B	Power
LGT.10.111.01	3000	160	42W
LGT.10.111.02	4000	160	42W

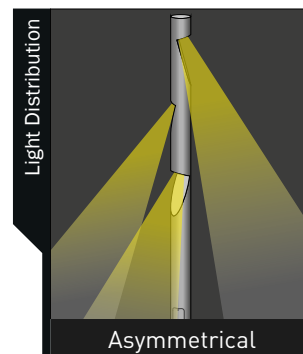

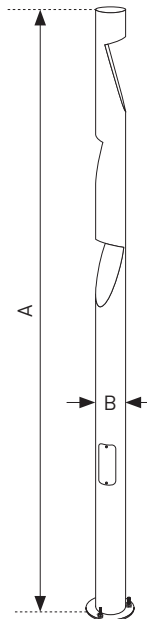

Product Description

Corrosion resistant aluminum body
 Tempered glass diffuser
 Mechanical impact resistance IK08
 Protection Grade IP66
 Chromate conversion pretreatment
 Electrostatic powder coating
 Stainless steel screws (grade 304)
 Electrical installation Class I
 Poles are supplied without anchor set
 Flange cover can be ordered separately.

Options

DALI controllable

Dimensions

Technical Details

Module luminous efficiency : 121 lm/W
 Luminaire luminous efficiency : 76,82 lm/W
 (4000k) Input Voltage-Frequency: 220-240(V)
 50-60(Hz) Cct : 2700K - 3000K - 4000K - 6500K
 Color Rendering Index : >80
 Led Life Time - L70 : > 72.000 hours @Ta= 45 °C
 Operating Temperature Range : -20 °C / +45 °C
 Control Systems: On/Off / DALI
