

Dimensions

IP66 IK08

	A	B	C	Power
LGT.10.103.02	4000	340	120	35W

Product Description

Corrosion resistant aluminum body
PMMA lens diffuser
Galvanized steel flange
Mechanical impact resistance IK08
Protection Grade IP66
Chromate conversion pretreatment
Electrostatic powder coating
Stainless steel screws (grade 304)
Electrical installation Class I
Poles are supplied without anchor set

Options

DALI controllable

Technical Details

Module luminous efficiency : 135 lm/W
Luminaire luminous efficiency : 65,02 lm/W
(4000k) Input Voltage-Frequency: 220-240(V)
50-60(Hz) Cct : 2700K - 3000K - 4000K - 6500K
Color Rendering Index : >80
Led Life Time - L70 : > 60.000 hours @Ta= 45 °C
Operating Temperature Range : -20 °C / +45 °C
Control Systems: On/Off / DALI
